

# The Island School

February 1, 2025

I am writing on behalf of The Island School to provide an important update regarding the certification status of our instructional staff.

I am pleased to inform you that, as of the most recent assessment and evaluation, The Island School does not have any instructional staff who are considered "out of field" for their assigned teaching positions. We have diligently ensured that all of our educators meet the necessary certification requirements for the subjects and grade levels they instruct.

Maintaining a highly qualified instructional team is a top priority for us at The Island School. We are committed to upholding the standards set by the Lee County School Board and the Florida Department of Education. Our ongoing dedication to professional development and compliance with certification requirements reflects our unwavering commitment to providing our students with a high-quality education.

We greatly appreciate the guidance and support of the Lee County School Board in helping us maintain these high standards. Your commitment to educational excellence is mirrored in our efforts to ensure that every student receives the best possible education.

If you have any questions or require further information regarding our instructional staff's certification, please do not hesitate to contact us. We are dedicated to transparency and open communication with the school board and district administration.

Once again, we extend our appreciation for your partnership and support in our mission to provide exceptional education to the students of The Island School.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "CO", with a long horizontal flourish extending to the right.

Christine Oliver  
Head of School  
The Island School
